## **Introduction**

This year it was agreed that the first meeting of the new board cycle will take the form of an away day for all Board members. The purpose of the day is to take some 'time out' to reflect on some of the key issues within the Board's remit.

A range of key players working in the areas of adult social care and health have been invited to give their views on the future challenges and opportunities. It is hoped that the views of experts speaking today will be useful for members in providing a context and a range of opinions that can inform for the Board's work in the coming year.

The Community Wellbeing Board covers a wide range of areas, however, our work in the year ahead is likely to be dominated by fundamental changes in the way that social care is provided by local authorities and by the government's 'big debate' on the future of adult social care. The programme for today reflects this.

The sessions will be run in the style of a government committee. Members can ask the panel questions to find their views on key topics. Each of the Vice and Deputy Chairs will be taking the lead for one of the three panel sessions:

- 1. Context and Demographics: Cllr David Beechey
- 2. Transformation of Social Care: Cllr Susan Woodward
- 3. Social care Green Paper: Cllr Gareth Barnard

### Included with the Agenda papers are:

- Briefing for Panel Session 1: Context and Demographics (p.7)
- Briefing for Panel Session 2: The Transformation of Social Care (p.11)
- Briefing for Panel Session 3: Social Care Green Paper (p.15)
- Biographies of the speakers (p.17)
- Introduction to the members of the Community Wellbeing Team (p.21)

### Also included are the standard Board reports:

- Membership, Office Holders and Terms of Reference (p.23)
- Notes of the meeting held on 16 July 2008 (p.29)
