

Troubled Families

Louise Casey CB

LGA Councillors Forum
12th January 2012

Who are we talking about?

- Families that have lots of problems and cause lots of problems
- Known to you, your fellow councillors, your officers, your partner agencies
- Known to their (long suffering?) neighbours
- Draining budgets of hard pressed services
- PM's ambition – turn lives around of 120k

What are we aiming for?

- Adults into work
- Children at school
- Cutting crime/ASB
- Cutting costs, saving money

Why is this important for us all?

- Because of all the reasons on the previous slide
- Because the financial outlook means we can't afford it not to be
- Because the public expect it of us
- Because that's why we went into public service
