What is LG Inform Prototype *Plus*?

- Everything that is in the prototype in a matured and refined platform which is both highly responsive and intuitive to use, plus:
 - an additional level of personalisation
 - a system that will support a range of dashboard formats which are configurable by users
 - a system which includes key aspects being open to the public
 - a system that is capable of integrating with third-party sites
 - ability to input and share your own data for comparable metrics
-

Overall Timetable:

- Contract awarded 8th February 2012
 - Project Kicked off 10th February 2012
 - Specifications and requirements agreed end Feb 2012
 - Development started March 2012
 - Final development completed Aug 2012
 - Prototype Plus full release Sept 2012
-
