

Item 10

LGA Forward Plan

Purpose of report

For discussion and direction

Summary

The Leadership Board is responsible for driving the Association's activities and business, taking a lead in developing and overseeing delivery of the business plan and identifying emerging and key issues to highlight to the Executive.

To ensure that meetings focus on members' priorities, members are invited to consider the items it would like to see on future Leadership Board agendas and the critical and cross cutting issues that should be brought to the Executive and Councillors' Forum in 2012.

The current draft agendas for the January meetings are attached at **Appendix A**.

Recommendation

That members identify future topics for LGA Leadership Board, LGA Executive and Councillors' Forum

Action

Officers to take forward in line with members' steer.
