1. Membership of the Safer Communities Board 2004/2005

Decision

That the Board note its membership for 2004/05 and confirm its office holders.

2. Terms of Reference for Safer Communities Board

Decision

That the Board adopt its terms of reference.

3. Policy Priorities

The Board was informed that the LGA Executive had requested that each Board put forward 3 or 4 points reflecting what the Board considered to be its main priority areas. These points would be incorporated into the LGA's manifesto project. The Chairman proposed that the opinion of each Member on this question should be

canvassed by way of an email survey and the feedback presented as a report at the next meeting of the Board, at which point a decision would be made.

Members discussed the set of objectives suggested for adoption by the Board. The Board felt that the objectives were in some areas not explicit enough about the role of the Board, e.g. the wider community safety/preventative role of the fire service. Members noted that the Board's objectives were not intended to be detailed and that the list of work areas was not exhaustive. It was decided that the agreement of the final wording should be dealt by office holders.

Members discussed the need to establish a task group to consider the implications of the Government's proposals for police reform. Although it was not yet certain what would be contained in the white paper, the consensus was that a task group would be required and that the LGA Executive should be informed accordingly. Officers were requested to circulate the Government's response to the feedback it received on the green paper, and to arrange for a meeting with relevant Ministers on this issue.

On the subject of LGA business plan projects more generally, the Board concluded that in the interest of accountability and consistency a Board Member should be appointed to Chair each task group. Informed decisions about which Member would be most suitable for this role on future task groups, would be assessed an audit of skills of each Board member.

In view of the number of fire service issues and ongoing fire related work that were within the remit of the Board, Members agreed that the Board should give further consideration to reporting arrangements at a later meeting.

The Board was presented with a schedule of relationship management work for which its predecessor bodies had been responsible. A number of decisions and comments were made, which have been set out in the decisions and actions for this minute.

The Board discussed the requirement that it allocate a Member with responsibility for social inclusion and equality within all areas of the Board's remit. In view of his background of social inclusion and equalities work at the LGA the Board agreed that this role be taken by Cllr Mehboob Khan.

In discussion on the LGA business plan projects with task groups covered by the Board's remit, Members made a number of decisions that have been set out in the decisions and actions of this minute.

Officers were asked to put together for the Board a calendar of important events (including conference, meetings, green papers, white papers, etc.) to assist Members in planning the Board's work programme. In addition to this, the Board also asked that it received a list of Ministers, Shadow Ministers and civil servants for matters within its remit.

Decisions

The Board:

- (i) agreed to conduct an email survey in order to produce a list of issues that Members considered to be the Board's priorities, which would eventually be incorporated into the LGA's manifesto project;
- (ii) noted that it would receive a report setting out the feedback from the email survey at its next meeting and that from the report it would determine 3 or 4 points summarising the Board's main priority areas for submission to the LGA Executive;
- (iii) agreed that its objectives be amended to reflect concerns raised about the wording being not explicit enough about some work areas;
- (iv) agreed that within its objectives the wording of the 3rd bullet point be amended to read "Civil Contingencies (Emergency Planning);

4. Relationship Management Priorities

The Board noted that the LGA Executive was in the process of reviewing all LGA appointments to outside bodies. However, the Board felt that it was unable to conduct an informed debate about the merit of each appointment without feedback from the existing LGA representative and further details about each body (e.g. how often it meets, when and who drives the work).

Members also felt that some of the information about appointments was not accurate and that political group offices should be asked to review the list.

Decisions

The Board:

- (i) agreed that current LGA appointments to outside bodies within the remit of the Safer Communities Board be requested to provide feedback on the work of the body to which they have been appointed; and

- (ii) agreed that political group offices be requested to review the current list of appointments to outside bodies for accuracy.

Actions

That:

- (i) officers make contact with LGA appointments to outside bodies to request feedback on the work of the body; and **ALL**
- (ii) political group offices review the list of appointments for accuracy. **CG/KF**

5. Safer Communities Board Relationships with wider Membership

Decisions

The Board:

- (i) agreed that in relation to arranging future Policy Review Group meetings, the following points be considered;
- attendance might be boosted if meetings were held in regions outside of London.
 - The name Policy Review Group should be replaced with a name that better reflects the purpose of the event.
 - Such events should only be arranged when required and not as a matter of course.
 - The calendar of events discussed earlier in the meeting should be used to plan such events.
- (ii) Agreed that at its next meeting it should look at the format and content of the bulletin system used under the previous Executive arrangements with a view to finding a practical way of using these to engage the wider Membership.

Actions

That:

- (i) officers consider the decisions above when planning future events to engage the wider Membership; and
- (ii) officers submit to the Board at its next meeting examples of the bulletin system used under the previous Executive arrangements to facilitate discussion of a more suitable process for engage the wider Membership in this way.
