## What does being a Respect area mean?

- 1) Establishing a **Family Intervention Project (FIP)** that challenges and changes the behaviour of the most problematic households perpetrating anti-social behaviour.
- 2) Establishing **parenting programmes** for families at risk of/or behaving anti-socially. (you may want to mention the upcoming announcement)
- 3) Demonstrating openness and accountability through **Face the People** sessions.
- 4) A renewed commitment to using the full range of available **tools and powers** to tackle both causes and symptoms of anti-social behaviour.
- 5) Adoption of the **Respect Housing Standard by key** landlords in the local area
